***Demonstrating resource efficiency through innovative, integrated waste recycling schemes for remote areas***

### ***The LIFE PAVEtheWAYSTE project ...***

The **overall aim** of the project is to facilitate the implementation of the Waste Framework Directive in remote areas, by enabling local and regional authorities to improve their municipal waste recycling performance and thus **pave the way** to high resource efficiency. This will be achieved through the development and application of an economically viable solid waste management plan, based on the demonstration of an **innovative system** for the **fine separation of municipal solid waste (MSW) at source**.

#### ***Completed actions:***

1. *Development of the project's interactive website*
2. *Kick-off meeting in Naxos!*
3. *Design of the information boards*
4. *Networking with other projects*

#### **Beneficiaries:**

**Municipality of Naxos &  
Small Cyclades**

**Fundación CARTIF**

**National Technical  
University of Athens**

Δήμος Αρχαίας Ολυμπίας

**Municipality of Ancient  
Olympia**

The website of the new LIFE PAVEtheWAYSTEproject was created  
at [www.pavethewayste.eu](http://www.pavethewayste.eu) and includes the objectives and news about the

## **Kick – off Meeting in Naxos!**

The Kick-off meeting took place on **22 & 23 October 2015**, in Naxos Island, with the participation of all partners, responsible for the project implementation.

## **LIFE Information Board**

Designed in order to be displayed at public places in the Municipality of Naxos and Small Cyclades and in the Municipality of Ancient Olympia. The participating residents and other interested stakeholders will be informed for the goals and the projects' progress throughout its implementation.

## **Networking with other LIFE projects & Dissemination actions:**

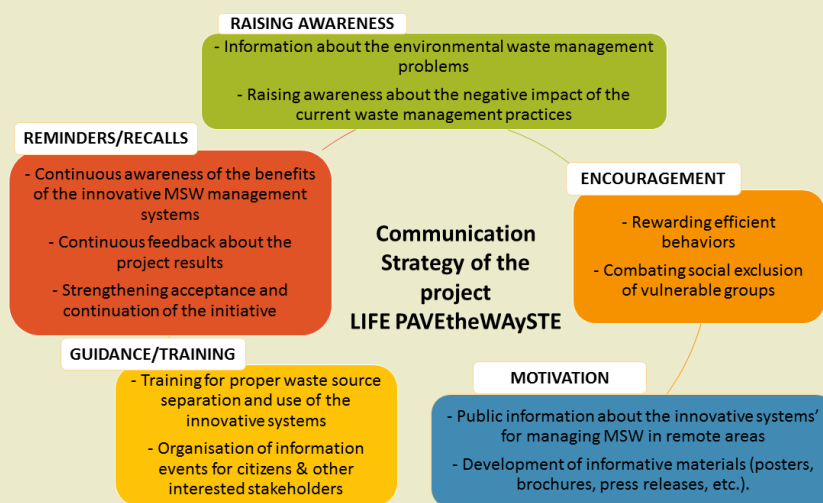

- **19/11/2015:** Students from 10 countries visiting Moraitis Secondary School in Greece, in the framework of the Pan European Educational Programme (PEEP), took a tour at the premises of the School of Chemical Engineering of NTUA in Athens. LIFE PAVethewayste was presented to them.
- **22 & 23/10/2015:** A networking meeting with **REVAWASTE** project partners took place in Greece, coinciding with the kick-off meeting of the **LIFE PAVEtheWAYSTE** project.
- **07/10/2015:** A meeting took place between the LIFE projects **PAVEtheWAYSTE** and **ISWM-TINOS** in order to establish networking and exchange knowledge and lessons learnt from the implementation of the latter in the insular area of Tinos, Greece.
- **28/11/2015:** Interview on the EURANET radio about the LIFE PAVEtheWAYSTE project.

## **Publications:**

- **26/10/2015:** An article published at [Residuos Profesional](#), in Spanish language, dedicated to the launching of LIFE PAVEtheWAYSTE project and its objectives.
- **31 October 2015:** A publication at [FuturENVIRO](#) magazine in Spanish language.
- **26 October 2015:** A publication at [RETEMA](#) - [Revista técnica de medio ambiente](#) in Spanish language

## ***The projects' communication plan includes:***

The communication plan will be updated every six months taking into account the results of the dissemination actions and the evaluation of the project's objectives.

*The project is co-funded by LIFE, the EU's financial instrument supporting environmental, nature conservation and climate action projects throughout the EU.*
