2nd Information Campaign

In March 2021, the 2nd Small Cyclades Citizens Information Campaign was held virtually, via a post on the official website of Naxos & Small Cyclades municipality and on its Facebook page. The material accompanying the campaign consisted of a presentation of the work and progress made by the four islands since their initial launch in 2018, and a brief questionnaire to illustrate the degree of participation and public opinion.

Post on the municipalities' website: <https://e-naxos.eu/2021/03/17/life-pavethewayste-naxos-kai-mikres-kyklades/>

Post on Facebook:

It is estimated that over 3500 people were informed during this campaign

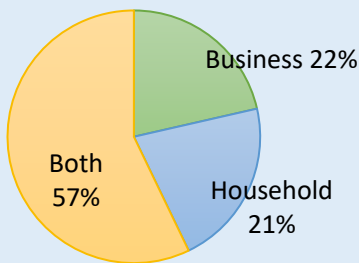

2nd Information Campaign – Questionnaire Results

The questionnaire accompanying the 2nd Small Cyclades information campaign was available and uploaded on the Internet (Municipality website, Facebook account and the project's You Tube account) for the period March-April 2021, supplemented by 16 people. Of them:

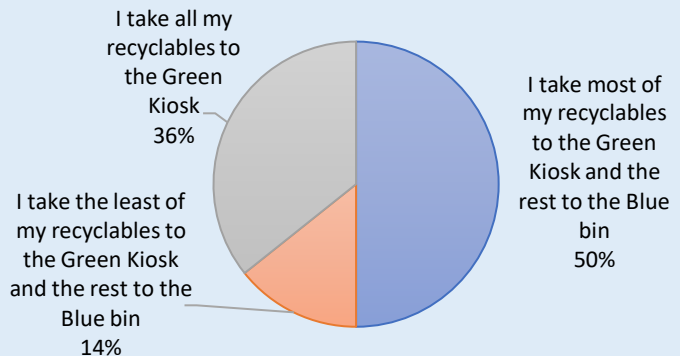

- 100% recycle
- 100% knew about the Green Kiosks operating in their area
- 87% participate in recycling with the Green Kiosk
- 72% visit the Green Kiosks every 2-3 days

Additional responses are presented through charts below:

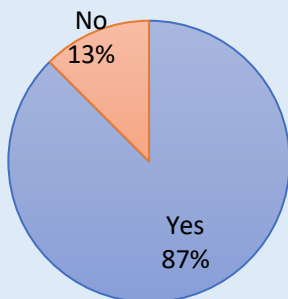

Do you participate as a household and/or business;

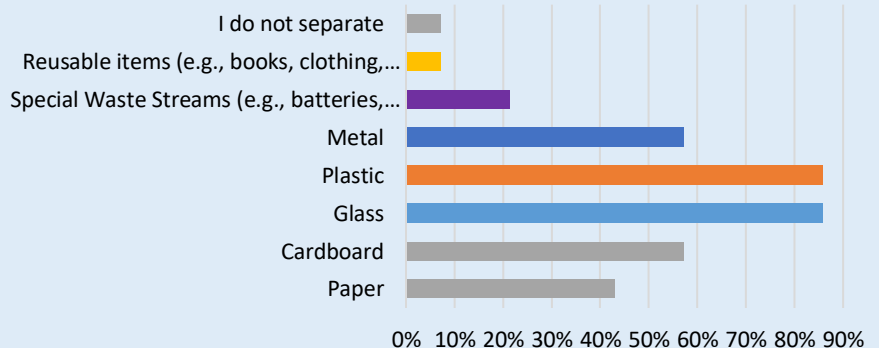

To what level do you participate?

Do you participate in recycling with the Green Kiosk?

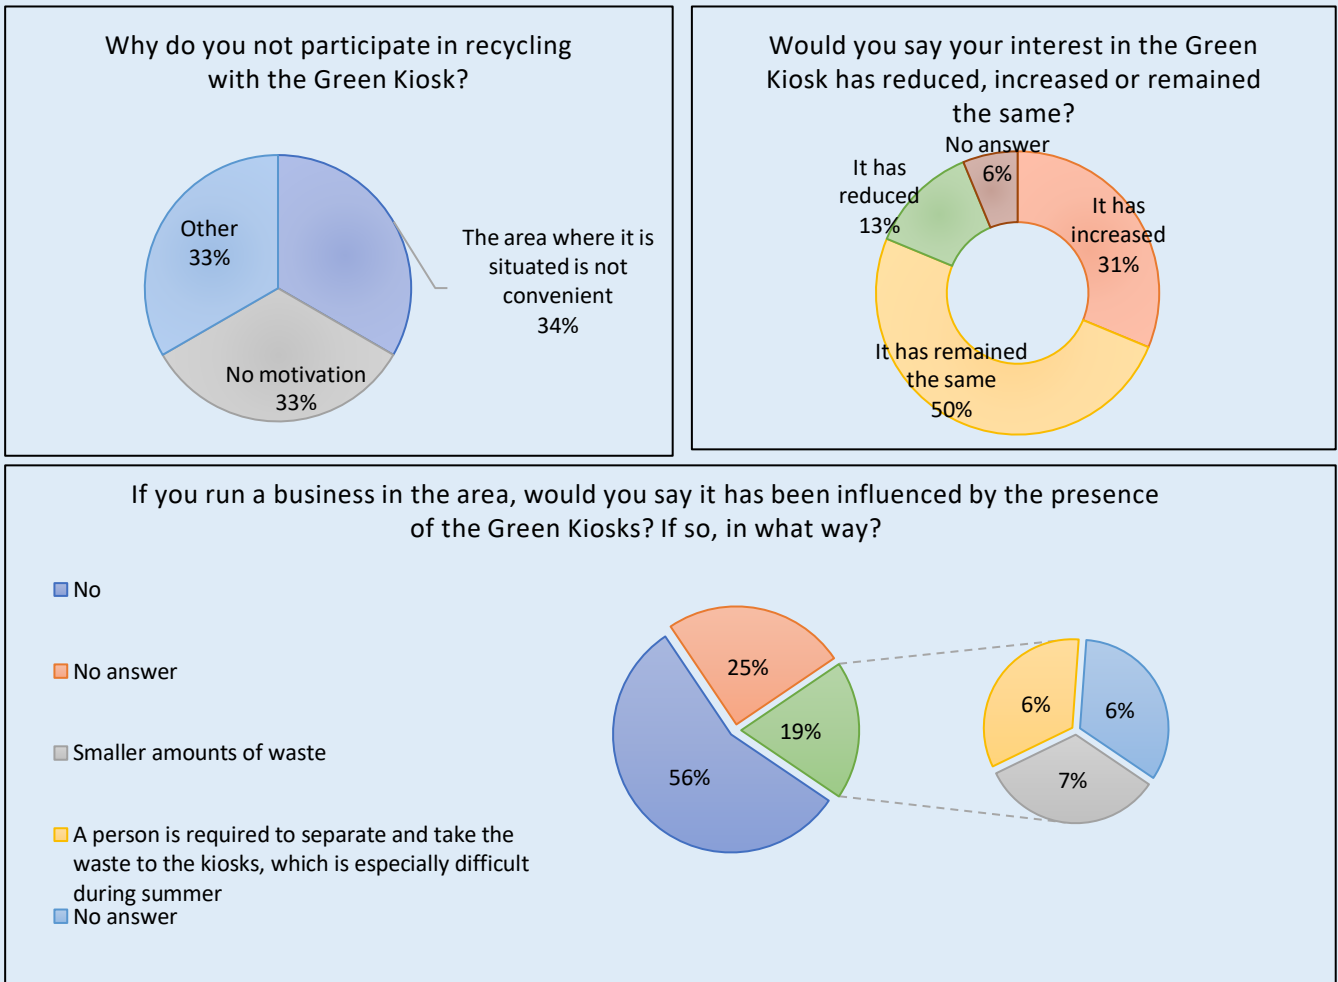

Which materials do you presort at your household or business, before taking them to the Green Kiosk? (you may choose more than one answer)

2nd Information Campaign – Questionnaire Results

- 69% were not satisfied with the waste management system that existed before the introduction of the Green Kiosk
- Out of the 56% of those who weren't satisfied with the Green Kiosk, 89% gave the following reasons:
 - Large accumulation of waste
 - Poor external state of the Kiosk
 - Better organization and supervision from the operator is required
- 100% of those who have not participated in using the Green Kiosks, would like to do so in the future

Additional responses are presented through charts below:
